

## Squirrel blamed for Pasadena's holiday power outage

POSTED BY TONI MCALLISTER ON DECEMBER 24, 2017

The outage, caused by a squirrel, was reported around 10:20 a.m. Christmas Eve.

A squirrel that came into contact with some electrical equipment Sunday left customers in the central and eastern portions of Pasadena in the dark for close to an hour.

The outage occurred about 10:20 a.m., according to officials at the Pasadena Water and Power Department.

Power was restored about 11:10 a.m. and no injuries were reported.

It was not immediately known how many customers

The condition of the squirrel was not available.
